My Dear Sir:-

Your country and mine is now actively engaged in the greatest war the world has ever known. There can be no doubt that the countries, best able to maintain their food supplies will be the victors in the end. We and our allies must, for the good of humanity, win this conflict.

The farmers of the United States must furnish the food supplies for ourselves and our allies. It will be not only profitable but patriotic to do so.

- This bank desires to do its part in helping you in this great undertaking. We are willing to extend to you any amount of credit that your conditions will warrant, to purchase more stock, tools, seeds or for the hire of additional labor.
- 2. There will be a large crop of vegetables and fruits, none of which should go to waste, but should be canned or dried, for winter use and for sale on the market. There will be greater demand for all the excess than can be produced. The women on the farm are especially urged to can all vegetables and fruits that they possibly can.
- 3. In the opinion of the best experts there is every indication that this war will not end quickly but will be long drawn out. Farmers should not, therefore, sacrifice immature animals, but should make them as large as possible.

*Breeding stock should be kept. It will be needed more than an at any other time in the history of our country.

Very truly yours,

THE LINCOLN COUNTY NATIONAL BANK,

During April German submarines are reported to have destroyed ships whose combined tonnage was 400,ooo. At this terrible rate, unless greater effort than has so far been made to stay the destruction, it will be impossible to provide the allies with food or other supplies and the Germans will win, as they recognize they must, solely by submarine war-fare. The problem of dealing with it has engrossed the best thoughts of the country and the Naval Consultthe country and the Naval Consulting Board, after examining 500 or more inventions, thinks it has one that will solve the menace. Let us pray that it has and that the terrible destruction of lives and property will be eliminated. With nearly all the world against her, Germany must not be permitted to be mistress of the seas and cause all who sail them to do so at their peril.

A few people in Lexington, who are obsessed with the idea that it is the hub of the universe as well as of the blue-grass, made the city commissioners believe that there was a general demand that the clocks be turned up an hour for six months of turned up an hour for six months of the year and caused them to issue an order to that effect, but when the true facts were known and protests came in thick and heavy the order was rescinded by a unanimous vote. With the city having one time, the country people, the railroad and con-tiguous cities another, endless con-fusion would have resulted. fusion would have resulted.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

Good Cheer to Mothers

The time of Motherhood should be one of the greatest joy. Let the expectant mother keep her mind cheerful, and render her every aid that makes for comfort and less pain. Among the really helpful things is the preparation "MOTHER'S FRIEND." By its use, the muscles expand easier. The breasts are kept in good condition. The crisis is one of much less pain. Used by three generations. Apply it externally night and morning. All druggists supply MOTHER'S FRIEND

have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and pleked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death, it loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good.

"Gets-It" is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co, Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Lincoln Pharmacy and The Penny Drug Store.

SCORES ATTEST TANLAC MERITS

Kentuckians Place Stamp of Approval on Tonic.

HAS ENVIABLE REPUTATION

When a medicine is vouched for by hundreds in a state like Kentucky there can be no doubt as to its merit. Kentuckians are not easily led to make public statements about anything. They are inclined to test a remedy thoroughly before placing their O. K. on, it. Therefore Tanlac's originators are profid to point to the hundreds of testimonials given voluntarily by people of the Blue Grass State. Here are sample statements:
